

Humane Society of Charlotte

COMMUNITY IMPACT PROJECT HIGHLIGHT

“

Thank you all so much. The project was very informative and helpful and I appreciate everyone’s hard work on it! - Shelly Moore, CEO

Expanding the Impact on Animals and Families in the Charlotte Area

Humane Society of Charlotte will be building a new animal shelter, education center, spay neuter clinic and administrative offices. They are in the final stages of finalizing the plan and budget. The team reviewed the blueprints, recommended infrastructure details and assisted with determining what network hardware was required. The team also provided and created a budget for innovative technology ideas that would engage and educate both children and adults that visit the new shelter.

Nonprofit Team: Shelly Moore, Aiko Okamoto, Deanna Lasner and Huck Nawaz

Volunteer Team: Adrik Saxon, Haven Cribbs and Russell Howard

ANTICIPATED COMMUNITY IMPACT

- Mitigate risk of future expenses
- Increase education of community
- Enhance service to animals in need
- Increase operating efficiencies

“ The CIP experience has been a wonderful, valuable, and appreciated opportunity to give back in a Community Impact Project. It aligned with both personal and professional goals, and was an effective and efficient use of time indirectly related to weekly work.- Adric Saxon
