

Habitat for Humanity

COMMUNITY IMPACT PROJECT SNAPSHOT
DELIVERED AND SPONSORED BY BANK OF AMERICA

“ We are proud to partner with Bank of America to help Habitat for Humanity improve lives in Charlotte through their mission of bringing people together to build homes, communities, and hope.” - Kim Lanphear, CEO, Apparo

Driving Toward a Greater Impact on Charlotte's Affordable Housing Crisis

Habitat for Humanity of Charlotte leadership recognized that a technology plan would be critical in achieving their strategic goals. They reached out to Apparo for help and were matched with a Bank of America volunteer team. Volunteers from Bank of America conducted a technology assessment of Habitat's current infrastructure, operations and strategy across their organization. Through this assessment, a technology plan, roadmap and budget were created to address needed hardware, software, security and policy changes.

Nonprofit Team: Laura Belcher, Jolaine Hjordemaal, Mike Masto, Hunter Mullins

Volunteer Team: Dustin Batty, Amy Hartman, Jayson Johnson, Robert Joseph, Gerry Kingsley, Mary Margaret Little, Marais Lombard, James Mann, Dave Matthews, Daniel Mercado, Ravi Narasshiman, Mani Ramasamy, Michael Sbandi, Deepak Shamarao, Kristin Smothers

ANTICIPATED PROJECT IMPACT

- Improved security through the recommendation of security policies and controls
- Decreased risk through replacement of unsupported server
- Increase in operational efficiencies through standardized software update processes and streamlined reporting

“ This project was a great way to give back and align ourselves to the bank values in terms of community involvement.” - Michael Sbandi, Bank of America, Project Volunteer
