

Restore Global + Jabian

COMMUNITY IMPACT PROJECT

RESTORE GLOBAL

Helping every nonprofit to grow and serve others.

ACHIEVABLE GROWTH

“This was an important project for us because the processes the Jabian team recommended will allow for a more scalable model, supporting our regional office growth in Florida, Texas, and Virginia. Without these processes in place, even if new sites were able to open, they wouldn't be able to serve the community optimally.”

-Steven Wray, President & CEO of Restore Global

Problem: Experiencing an exponential amount of growth, Restore Global needed an assessment and recommendations for their business processes to set the organization up for success.

Solution: Apparo matched Restore Global to a volunteer team from Jabian Consulting who documented their data-related processes.

Nonprofit Team: Steven Wray and Joyce Ford

Volunteers: Gokhan Guley, Rebecca Martin, Courtney Ramey, Allison Stunja

Anticipated Outcomes + Community Impact

- **Doubling gifts in kind** in 2021, and increasing that number to **\$100 million in 2023**
- Improving operational efficiencies within the staff, enabling RG to grow exponentially
- Ensuring the ability to efficiently and effectively deliver their services to nonprofits worldwide
- Expanding services to provide Second Disaster Relief amongst others

BANK OF AMERICA

THE OPPORTUNITY TO MAKE AN IMPACT

“It was a privilege to partner with Restore Global on this project. They were very involved and energetic throughout the project and at each workshop, making our job easy! We are thrilled that as they pursue their mission, our work will improve their impact on communities everywhere.”

-Rebecca Martin, Jabian Consulting, Volunteer
