

Hope House Foundation + Hylaine

COMMUNITY IMPACT PROJECT
SPONSORED BY BANK OF AMERICA

Providing transitional housing and supportive services to women and children experiencing homelessness in order for them to procure long-term housing and self-sufficiency

“ ALL-AROUND SUPPORT
It was really great to have you there to support us, be a voice for us, and to ask the questions we didn't know needed to be answered. I felt very supported in this process both by our volunteer, Matt Burke, and the Apparo team. It's going to make a big difference for us.

-Debbie O'Handley, Executive Director of Hope House Foundation

Problem: Experiencing an exponential amount of growth, Hope House Foundation needed a system to help them better manage their donors and day-to-day insights.
Solution: Apparo matched Hope House Foundation to a volunteer from Hylaine to help the organization find a donor management application that fits their needs best.
Nonprofit Team: Debbie O'Handley, Jen Grenier
Volunteers: Matthew Burke

- Anticipated Outcomes + Community Impact
- **Increasing capacity to serve families by 70%**
 - Improving ability to track donors and highlight fundraising opportunities
 - Expanding services to provide a clinician and childcare services to families

BANK OF AMERICA

CONTINUOUS IMPACT
“ *I've had a great experience with this project. This is my third venture with Apparo and I still learn something new with each project. I'm grateful I had the opportunity to be a part of Hope House Foundation's growth, and that I could help in some way. Their mission of supporting families in need and being a catalyst to help end homelessness in the area is inspiring. I really look forward to seeing what they do in the future.* **”**
- Matthew Burke, Hylaine, Volunteer
