

# Samaritan's Feet + AIG

COMMUNITY IMPACT PROJECT  
DELIVERED AND SPONSORED BY AIG

Inspiring hope in children by providing shoes as the foundation to a spiritual and healthy life, resulting in the advancement of education and economic opportunities

### A GAME CHANGER

“ We have truly appreciated the opportunity to work with Apparo and the AIG team. It's been phenomenal. We would not have tackled these issues otherwise. We wouldn't have had the resources. Connecting with you was key for us. Working with Apparo and its partners is a no-brainer. It's a gamechanger for us.”

-Tracie Ohonme, Executive Vice President, Samaritan's Feet

**Problem:** Samaritan's Feet leadership knew they needed to improve their use of technology in order to effectively and securely support their organizational growth.

**Solution:** Apparo matched Samaritan's Feet to a volunteer team from AIG who conducted a technology assessment and provided recommendations for improvement.

**Nonprofit Team:** Angela Carlson, Tracie Ohonme, Davida Sarrani  
**Volunteers:** Steven Blanchard, Joe Lyghtel, Anita Mathew, Kevin McCormack, Rajesh Modugavalasa, Ron Parks, Niket Shah, Deepak Shamarao

- Saved valuable time through operational efficiencies generated
- Reduced risk through detailed policy recommendations
- Aided selection of new IT service provider through evaluation matrix

### Anticipated Nonprofit and Community Impact

As a result of this Community Impact Project, Samaritan's Feet leadership will have more time to fulfill their mission. This means more shoes, and therefore more educational and economic opportunities, for children around the world.

“ A GREAT LEARNING EXPERIENCE & CHALLENGE  
I've worked in technology for a long time, but never had the opportunity to conduct an assessment like this, from end to end. This was a great opportunity for me to understand how a nonprofit like Samaritan's Feet operates with their smaller budget. That was a great learning experience and a good challenge. I really enjoyed working with the Samaritan's Feet team.”

- Rajesh Modugavalasa, AIG, Volunteer
